

Additional Math Practice Option

IXL <https://www.ixl.com/>

Steps:

1. Log into IXL (**you must click the log in button**)
2. Look for the yellow star at the top right of the page. (see below)
3. Review the lessons and choose one to work on.
4. Aim for mastery of that skill (at least 80 smart score) before practicing a new skill.

Recommendations

Student [Name]

 5 skills 
suggested by your teacher

Here are all the math skills recommended just for you, based on what you've been working on recently. Explore the different types of recommendations, and click on any skill you'd like to try!

Your teacher will get a report that looks something like the table below. It reports on the percentage correct you received, number of questions answered, and the ACTIVE time spent. You can also find this information for yourself by clicking on "Analytics"
