MORNING KEYNOTE SPEAKER

Sarah Ward, M.S., CCC/SLP
**Learn it Today, Use it Tomorrow: Practical
Strategies to Develop Executive Function Skills**

Tired of constantly reminding students to focus, start, or finish tasks? In this engaging keynote, Sarah Ward will shift how you think about executive function and equip you with ready-to-use strategies to help students plan ahead, manage time, and follow through—on their own.

You'll walk away with strategies to:

- Make transitions smoother (without being a broken record)
- Boost awareness of time passing
- Support task initiation and completion

AFTERNOON KEYNOTE SPEAKER

Cheryl Chase, Ph.D.
**International speaker and licensed clinical
psychologist specializing in diagnostic and
neuropsychological assessments**

**Empowering Minds—Fostering Growth Mindsets
to Transform Learning and Attention Challenges**

Explore the psychological roots of learned helplessness and its impact on academic and emotional development. Attendees will learn practical strategies to help students reframe challenges, build resilience and regain a sense of urgency.
